January 18, 2017

To All Town Residents,

The Town Board of the Town of Minerva has voted to contract with ONE CALL NOW to provide a mass automated call system to reach out to everyone in the community when needed. The program will be used for emergencies and for times when we need to get information out to as many people as possible.

In today's world we sometimes rely on the Internet with websites and Facebook to get the message out. The Internet is a good tool, but does not meet our needs when it comes to emergencies.

We would like you to be a part of this program. This system is based on phone calls only. With so many people using cell phones as well as home phones both will be included in our program.

Sincerely,  
Stephen McNally  
Supervisor, Town of Minerva
