NOTICE

MINERVA OLMSTEDVILLE WATER USERS

The town is currently working with the New York State Rural Water Association to map out our current water system.

Throughout this process you will see our water department along with individuals from the New York State Rural Water Association walking along the water lines and possibly on your property locating all town water line valves. They will be marking with blue flags and blue paint. Please do not remove or move these flags.

If you have any questions, please contact the Water Superintendent at 518-251-3373.

Jonathan Fish

Water Superintendent
