

Minerva Seniors Enjoy ADK Cruise

MINERVA – The Minerva Sleeping Giant Seniors recently enjoyed a two-hour cruise on beautiful Blue Mountain Lake and two connected lakes, with narration by the captains of our two pontoon boats. The Blue Mountain Lake Boat Livery provided us with an outstanding experience, beginning with easy access into our boats, accompanied by a sunshiny comfortable day.

Our group of sixteen seniors enjoyed not only the Adirondack experience of the outdoors but also camaraderie with each other and our captains. As we exited our cruise, our president, Carol Frazier, summed up all of our feelings about our time on the water, "We would do it again!"

This cruise was generously supported by the Community Fund for the Gore Mountain Region, a component fund of Adirondack Foundation. As the community foundation serving the Adirondack region, the Foundation works to enhance the lives of the people in the Adirondacks through philanthropy.
